Today's Message Notes . . . Behold Your God Pt 3

We have defined the Glory of God as the invisible qualities of God become visible/knowable – the beauty and worthiness of God becoming visible or known. As we think about revelation – not revelation of new unknown but of the known – we need to be careful of how we walk through it. Often times, we tend to reduce God down to manageable terms.

Tozer said *“A God begotten in the shadows of a fallen heart will quite naturally be no true likeness of the true God”*

From World Vision – "A recent study in partnership with War Child, looked at the impact of COVID-19 on the mental and psychosocial wellbeing of children living in conflict affected countries including, Colombia, Democratic Republic of Congo (DRC), Jordan, Lebanon, the Occupied Palestinian Territory, and South Sudan. COVID-19 and its socioeconomic impacts have added more psychological burden to children already experiencing high levels of distress due to violence and displacement. **More than half (57%) of children living in fragile and conflict-affected countries expressed a need for mental health and psychosocial support. This rises to 70% for refugee and displaced children.**The international community must prioritize mental health policies and infrastructure. They can no longer be considered a luxury – they must be recognized as a necessity." Mirette Bahgat, child protection technical specialist at World Vision Canada.
